

General Manager Jakri Rujirat

Thai National, Mr Jakri Rujirat heads the team as General Manager of the exquisite Rest Detail Hotel Hua Hin. With just 56 stunningly designed rooms and villas, This tropical seaside sanctuary offers a perfect respite for its guests. Jakri's mission is to make sure every detail is taken of throughout the hotel.

On completing his hotel management degree at Lycée Privé Technique de Hôte lier Sainte-Anne, France, Jakri gained extensive experience from luxury hotel chains including Four Seasons (Chiang Mai), Chedi, Anantara, Novotel and Shangri-La. Jakri has applied his knowledge creatively with the new-concept Rest Detail Hotel.

“Working here gives me the best of both worlds. At Rest Detail Hotel Hua Hin, I can work “out of the box” and can come up with creative ideas that will delight our guests. It enables me to incorporate the strong points of five-star service and management, and find out in more detail what elements; even the smallest; can make a holiday perfect to make the best experience for the guests,” said Jakri.

In addition to the standard bath robe, the hotel provides unique outfits for relaxing around the hotel's grounds, whether beachside, poolside, the spa or restaurants. A tunic, fisherman's pants and flip flops and thoughtfully provided, as well as ipods being available and a docking station in each room or villa.

In keeping with its location, Rest Detail Hotel provides a range of activities to enable guests to enjoy the outdoors, including beach volleyball, yoga by the sea, water aerobics, or a walk through their unique hydroponic garden.

Our aim is to deliver a friendly five-star service. The hotel places great emphasis on recruitment and training. Jakri adds, “We believe that if guests are satisfied with our service, they will come back. Service is of the utmost importance”.
